For £99 I would be happy for your guests to send me their digital images for me to edit into the story of your day. It can be hard to keep track of all the images of your big day across social media and all the ones you never see which remain in the cameras and computers of your friends and family. I can put them all in one place for you.

Photobooks are , I believe, the best way to present your photos. Photographs should be printed to be enjoyed by as many people as possible. Albums can be beautiful but I think a book tends to live on a bookshelf whereas, for whatever reason, albums seem to go into cupboards and drawers. With your photo book living on a shelf you can see it is more likely to come down and get looked at which is the whole point of employing a professional photographer in the first place. Prices start at £125 for a 13" x 11" hardback which we can sit in my office and edit until you are happy with it (or proof online if you prefer).

Prints are available in all shapes and sizes. Some normal sizes (in inches) are :

6 x 4 mounted £3.99

7 x 5 mounted £5.99

10 x 8 mounted £12.99

16 x 9 £16.99

I print standard sizes myself to guarantee the quality and colour accuracy.

Custom orders are possible up to A0 (46 x 33) so if you have a large wall to fill at home we can discuss something bigger.

These prices are designed to give you an idea of my pricing. However, I do not have set 'packages' because everyone is different, wants different things and shouldn't have their day proscribed to them.
